## "HID BEHIND PRESIDENT"

Senator Pepper of Arkansas  
Brings Counter-Attack  
Against G. O. P.

By Associated Press  
Washington, D. C.—Senator Lodge of Massachusetts, the Republican leader, was charged on the floor of the senate Friday with pigeon-holing President Harding's world court proposal in the Foreign Relations committee. The charge was made by Senator Robinson of Arkansas, the Democratic leader, during a denial of charges that the Democrats had, by continuing investigation, delayed legislation. He also charged Senator Pepper, Republican of Pennsylvania who attacked the Democrats in a speech Saturday at Portland with "trying to hide himself and his political associates behind the dead president."

"That is one of the measures I had in mind," Senator Robinson said in the course of his speech. "When I referred to those the senator from Massachusetts wanted to block, I say now the chairman of that committee (Senator Lodge of the Foreign Relations committee) has effectively and I think permanently pigeon-holed the world court proposal."

COBBAN TRIAL IS  
MADE TEST CASEState Civil Service Commission  
Will Conduct Probe on Own  
Initiative

By Associated Press  
Madison, Wis.—The state civil service commission will investigate charges against Alex J. Cobban, dismissed state automobile clerk on its own initiative, Secretary A. E. Gary said Friday. Attorney General Ekern has ruled that commission has no authority to go into specific charges against an employee.

The Cobban hearing will be held on April 16, instead of April 9, Secretary Gary said Friday. At the hearing, the commission will take up the charges made by Secretary of State Zimmerman against Mr. Cobban and in addition will determine whether the dismissal was for "religious or political" reasons. This is said to be a test case of the commission's authority to go into charges.

HERRICK SIGNS  
SYRIAN TREATY

Washington, D. C.—Full equality of rights for Syrian interests and nationals in Syria and the Lebanon, mandated to France by approval of the league of nations, is assured by a treaty with the French government, concluded by Ambassador Herrick, which will be signed in Paris on Friday.

A summary of the treaty, made public Thursday night by the state department, shows it to be similar in its principal provisions to the convention recently concluded by the Washington and Tokyo governments with respect to islands under mandate in the north Pacific as well as other treaties with France and Belgium, already approved by the senate, covering mandated territories in Africa.

"The treaty as to Syria," the department announcement says, "provides that the United States and its nationals shall enjoy in the mandated territory all the rights and privileges assured to states members of the league of nations under the terms of the mandate."

LONG TERM LOAN MAY  
BE OFFERED BELGIANS

New York—American financial assistance to Belgium, it was reported in the financial district on Thursday, might take the form of a long term loan instead of the temporary credit recently suggested when the Belgian franc scored its sensational advance. A group of manufacturers, acting with the support of the government, was said to be negotiating for a \$50,000,000 loan, the proceeds of which would be used for industrial development. Bonds to be issued would guarantee the security of a government guar-

Woman Plays  
Jazz To Hide  
Fatal Shots

By Associated Press  
Chicago—Mrs. Beulah Annan, who Thursday shot and killed Harry Kalstead, 29, formerly of Minneapolis, admitted early Friday according to detectives, that the shooting occurred after Kalstead threatened to quit her and not because he tried to force his attentions upon her, as she first said.

After killing Kalstead, fearing neighbors might have heard the shot, Mrs. Annan played jazz records on a phonograph for several hours, police say she told them. Then she called her husband on the telephone and surrendered to the police.

Her original story of having shot Kalstead to protect herself was doubted by officers who found evidence of a drinking party in her apartment. She admitted her first story was untrue after being questioned for hours at the scene of the shooting, while detectives displayed the blood-stained garments worn by Kalstead. She said she had been employed at a laundry in which Kalstead had an interest and that they had been acquainted for several months.

WEATHER DELAYS  
WORLD CIRCLERSFlight to Alaska Postponed As  
Storms and Clouds Are  
Reported

By Associated Press  
Seattle, Wash.—Departure of four United States army planes on their flight around the world was postponed Friday until Saturday morning on account of adverse weather reports received from along the route.

The worst storm in years it was reported to Major Frederick L. Martin, commanding officer of the expedition, just as he and his three associated aviators were about to take off from Sand Point field here, is raging at Sitka, Alaska. Prince Rupert, B. C., where the fliers expected to rest Friday night, reported a rain-fall. At Vancouver, B. C., about one sixth the way to Prince Rupert, clouds hang low. Barometric readings north of here were low.

The start of the four planes which left Santa Monica, Calif., on March 17, and arrived here on March 20, had been set for 6:30. Long before the time set for the jump the sun had come out brightly and the sky was clear.

But when he received the adverse weather reports from the north, Major Martin called a consultation of his pilots, Lieutenant Leigh Wade, Lieutenant Lowell Smith and Lieutenant Eric H. Nelson.

Soon the decision was adopted to wait another day, in accordance with the policy of playing safe.

Sallstad, perpetrator of the famous Lake Nebagamon "death hoax," is leading a movement to clear the highways of Chippewa and Eau Claire counties of unsightly billboards. Richardson has ordered all billboards of the Golden Rule Oil Co. of which he is president, removed from the concrete highway between Chippewa Falls and Eau Claire. The decision to remove the outdoor advertising signs was reached by Richardson after conferring with members of the Outdoor Art committee.

Another attempt by Senator Reed, Republican, of Missouri, to provide taxation of income on state, municipal and federal securities, now tax exempt, was defeated.

Kenyon Appointment  
Meets Disapproval  
Of Progressive WingWestern Senators Say Presi-  
dent Passed up Chance to  
Win Support or Insurgents in  
His Own Party.

By DAVID LAWRENCE  
Copyright 1924 by the Post Pub. Co.  
Washington, D. C.—Disappointment in the ranks of the "progressives" in congress over the failure of President Coolidge to nominate Judge William S. Kenyon of Iowa to be attorney general was not concealed Thursday.

While no doubt is expressed as to the legal ability of Dean Stone, the comment of many of the western senators is that the president had an opportunity to recognize the progressive movement of the west and did not accept it. To the insurgent wing of the Republican party, the name of Kenyon was more than that of an individual. It was a symbol of progressivism. There are those who regard the manner in which Mr. Coolidge dealt with the appointment of a new attorney general as his crossing of the Rubicon. They consider that the president has made his choice with the so-called "stand-pat" and conservative wing of the Republican party for Dean Stone comes from the New York City atmosphere of corporation law firms. Progressive senators found, for instance, on looking up "Who's Who" that Dean Stone had been connected with one of the firms which is said to be among those engaged from time to time by J. P. Morgan and Co.

LITTLE TRUTH IN CHARGE  
So far as the insurgent Republicans are concerned, who think Mr. Coolidge by training and viewpoint to be a conservative, there is probably much truth in the assertion that he would not make himself a "progressive" in the eyes of the westerners by one or two conspicuous appointments. Eberan platform him is on other counts than federal patronage.

Senator Henry Cabot Lodge, Republican leader, who was at the White House Thursday, thought there would be no fight against the confirmation of Dean Stone. Probably not. The western Republicans are not planning to carry their insurgency that far but Senator LaFollette who insists that he will run independently of any of Coolidge's platform is conservative is gathering ammunition for his mass attack at the Republican national convention in June. The primaries in Wisconsin which showed Senator LaFollette victor by a big majority pave the way for what may become a dramatic situation at the Cleveland convention. The Wisconsin delegates plan to make a drive for a progressive platform, falling in which they will announce their dissent; and carry the campaign to the country with Senator LaFollette as their spokesman and candidate.

"BREACH IS WIDENED"  
The naming of an attorney general is but an incident in the fight which is daily widening the breach in the Republican party. What might have happened if the president had named Kenyon is of course, conjectural but at no time since the beginning of the present session of congress did the insurgent Republicans appear to be as united in their willingness to meet the administration half way than they were in the movement for the appointment of Judge Kenyon. Today they feel as if they had been rebuffed. The president has appointed an able man and one in whom he has personal trust. He ignored the politics of the occasion which his friends say ought to help him in the long run.

PRINCE EVADES  
PARIS SLEUTHS

By Associated Press  
Paris.—The prince of Wales, left on Thursday for Biarritz, to the great relief of the secret police entrusted with keeping discreet watch over the safety of the royal visitor.

The prince, who is traveling incognito as the earl of Chester, fooled detectives and reporters nearly Thursday morning. A huge automobile, bearing the coat of arms of the British embassy, remained standing in front of his hotel until noon. As the prince had not appeared, the detectives were much worried.

Afternoon newspapers published photographs of the automobile with the caption: "The prince of Wales is the latest riser in Paris."

In the meantime, the earl of Chester, escaped through the rear entrance of the hotel and lunched democratically in a modest restaurant near the boulevards with a former interpreter who was attached to the British army during the war.

Mr. Miller, who withheld names, asserted that a group of girls are operating for wealthy bootleggers on a salary basis.

FORMER CHIEF  
OF BIG FIRM IS  
HELD FOR DEATHPrisoner Admits Partnership in  
More Than Two Score  
Robberies

By Associated Press  
Chicago—From the head of a \$30,000,000 promotion concern to a hold-upman facing a charge of accessory to murder within a year, is the story told by Russell T. Scott, formerly of Cleveland, and Toronto, Canada, held in connection with the killing of Joseph Maurer, a drug clerk in a store in the heart of the business district Wednesday night.

Scott says at one time he was vice president of the R. T. Scott Co. Ltd., of Toronto, which had branches in a dozen cities and a payroll of \$800 at one time. He helped to promote the Detroit-Windsor international bridge, he says. When a Boston, Mass., woman filed a \$50,000 breach of promise suit against him Scott, already married, left Toronto and the business went into a receiver's hands, he said.

He has admitted being a partner of his brother Robert, in the holdup which occurred within two blocks of the detective bureau and across from the city hall, while theatre crowds walked by, according to the police. He first admitted the shooting, police say, but now declares it was done by his brother. Search is being made for the brother.

He admits, police say, robbing more than two score drug stores and haberdasheries during the past few weeks.

Arrested with Scott was Helen Bullard who is held with her brother, Rex Bullard, and Mrs. and Mrs. Devine, but police have not disclosed any results of questioning them.

M'GRAY BANKRUPT,  
BANKERS TESTIFYMore-Than Forty Testify in  
Trial of Governor for Alleged  
Embezzlement

By Associated Press  
Indianapolis, Ind.—More than forty bankers from over the state, on the stand on Thursday in the trial of Gov. McCray, charged with embezzlement of \$165,000 from the funds of a state board of agriculture, testified the executive's indebtedness at the time of obtaining the money was \$890,822.22, or about \$410,000 in excess of what he claimed in a financial statement given the board at the time. The state is attempting to prove the statement, in which McCray is alleged to have claimed to be worth approximately \$1,600,000 in excess of obligations, was false.

It is understood about forty other bankers remained to be examined regarding the governor's indebtedness at the time the statement was made. The total personal indebtedness to the banks whose representatives testified on Thursday was \$455,583.50.

New York—Three men who said they were detectives appeared Thursday night at Farnall hall on the Columbia university campus from which fellow students recently have attempted to oust Frederick W. Wells, Negro law student of Union City, Tenn.

Although Clifford B. Wright of the department of buildings and grounds of Columbia denied that detectives had been hired to guard against a recurrence of the outbreak of the night before, when white robe figures set a fiery cross outside Farnall hall, the men are said to have told employees of the building that they were taking orders from Wright. They also declared that Wright had made arrangements for them at the dormitory and had told them to telephone him if "anything broke."

SHOTS KILL ONE IN  
KENTUCKY MINE WARNon-union Miners Are Victims  
of Rifleman for Second Day  
in Strike

By Associated Press  
Pineville, Ky.—Labor troubles brewing for weeks at the mines of the Liberty Coke and Coal Co., on Straight creek, had come to a head Friday. George Lucas was dead and Edward Dishman wounded, victims of a fusillade of bullets directed from a mountain side late Thursday by hidden rifleman. The men, both from Virginia, were among the company's non-union employees.

The shooting, the second time recently according to company officials, that these men have been subjected to a volley from the mountainside, was the culmination of a series of changes in the operation of the mines. County officials initiated an investigation.

Tuesday the company obtained an injunction in federal court at Frankfort, prohibiting interference with operation of its mines or molestation of workers, and Thursday the hidden rifleman laid down a second and deadly barrage.

# TARIFF ON WHEAT FROM CANADA WILL HURT U. S. FARMERS

Babson Fears America Will Be Loser from Restriction on Imports

Babson Park, Fla.,—Roger W. Babson today made public the final report of his survey of current business conditions in the United States and Canada. The statistician is hopeful for Western Canada and is not at all sure that United States wheat growers will win under the new tariff schedule.

"Western Canada," says Mr. Babson, "was the slowest to recover from the post-war slump. For the first time in four years business is now looking up in this great empire. A brief summary of the present situation as indicated by current statistics is helpful in understanding this situation."

## BETTER BUSINESS

"Business in British Columbia is better today than at this time for some years previous. Agricultural conditions are good, the fruit crop was fair, mining is more active, and fishing is satisfactory. There are a number of public buildings under construction. The construction of the wharves and warehousing facilities at Vancouver represents the largest single building program in the Province. Building operations throughout the West have been above average, with preponderance of the projects in British Columbia. The program includes the construction of larger piers to take care of ship-berthing requirements; additional elevator capacity for the movement of west bound grain; the spanning of the Second Narrows with a traffic bridge and the building of a dry dock at North Vancouver. The program is extensive and predicts a more active situation for the coming year."

"The only fly in the ointment is the attitude of labor. The longshoremen's strike has hurt shipping in Vancouver, Victoria and New Westminster. The printers and compositors have caused considerable trouble; while in most trades there is an undercurrent of labor unrest which is not favorable to real prosperity."

## BIG WHEAT CROPS

"The chief product of Alberta is wheat and the 1923 crops was very satisfactory. Those who are engaged in mixing farming and dairying have also done well. Building is fairly active; coal mining is making better records; and new industries are continually starting up. These improved conditions have resulted in a quickening of retail trade, a strengthening of the banking situation and a better feeling throughout the province. Calgary and Edmonton are still competing for first place but Medicine Hat and Lethbridge are good cities. It seems almost ridiculous to treat these provinces with only a few words of comment, but there are so vast that their greatness causes one to hesitate in making forecasts."

## ALTHOUGH SASKATCHEWAN IS NOT RECOVERING SO RAPIDLY AS BRITISH COLUMBIA AND ALBERTA IT IS COMING ALONG VERY WELL.

"The wheat crop of this province was proportionately as good as further west: flour mills and oil refineries are working near capacity and building is active. The best opportunities are said to be in Saskatchewan and Regina. Prince Albert, Moose Jaw, North Battleford, Yorkton and Kerrobert, however, should buy more goods this spring than last. Real estate values have not yet recovered from the slump of a few years ago and families are still emigrating to more southern climes. Yet the province is coming along very well, slowly but surely."

"Although Saskatchewan is not recovering so rapidly as British Columbia and Alberta it is coming along very well. The wheat crop of this province was proportionately as good as further west: flour mills and oil refineries are working near capacity and building is active. The best opportunities are said to be in Saskatchewan and Regina. Prince Albert, Moose Jaw, North Battleford, Yorkton and Kerrobert, however, should buy more goods this spring than last. Real estate values have not yet recovered from the slump of a few years ago and families are still emigrating to more southern climes. Yet the province is coming along very well, slowly but surely."

## BUSINESS POOR HERE

"The crops in southern Manitoba were very unsatisfactory this year. The unseasonableness of the summer ruined many of the crops. The final reports, however, are more encouraging and a 30 to 40 per cent crop has been harvested in many places where a total loss was reported in early bulletins. General business conditions are 5 to 10 per cent below last year's average. The Province is becoming more and more a tourist mecca and the 1923 travel was much greater than ever before and helped the retail trade substantially. The increasing popularity of the fur-farming industry is startling. The fur farms in this Province increased 216 per cent in the year 1923. However, even here the outlook is relatively poor. Like the other Prairie Provinces, Manitoba's building activity has been mainly in increasing the number of residential buildings and road work programs. Reports for 12 months of 1923 show that the value of building permits in Manitoba amounted to about \$12,000,000."

Discussing the effect of President Coolidge's recent increase in the tariff on wheat as it will bear on the fortunes of Western Canada, the statistician continued:

"Of course such a move on our part is unfortunate in developing ill-will between the people on opposite sides of the border; but whether the effect will ultimately be more beneficial to the United States or Canada is still a question."

"Acting under the flexible provision of the tariff act on the basis of the tariff commission's inquiry the president of the United States ordered an increase of 25 cents a hundred pounds in the duty on wheat, flour, and a decrease of 50 per cent in the ad valorem rate on mill feeds."

"The new rates on wheat will be 42 cents per bushel as compared with the present rate of 20 cents; the new rate on flour will be \$1.04 per hundred pounds as compared with 78 cents and the rate on mill feeds will be 7 1/2 per cent ad valorem as against 15 per cent."

"The increase will become effective in time to be applied to the food of Canadian wheat which descends on the United States about the middle of April each year, with the opening of navigation on the Great Lakes."

"The advance in rates was sought to aid particularly the hard wheat growers of the Northwest, but the resultant increase in the price of spring wheat is expected to be reflected in the market quotations on winter wheat raised in the Middle Western and other states."

"The tariff commission claims it costs 42 cents more to raise a bushel of wheat and \$1.04 more to produce 100 pounds of flour in the United States than in Canada. The farmers expect this new tariff will rectify the situation, entirely forgetting that the price of wheat is made in Liverpool. Just what will happen no one can tell."

"Western Canada is destined to become the great wheat field of the western hemisphere. Nothing can stop such a development. A tariff on wheat may result in a source of income for the United States Government but it will not increase the wheat crop of the States any more than a tariff on sugar would increase the sugar crop. Furthermore such a tariff does two things: (1) The tariff forces the Canadian farmers to fight just so much more keenly for foreign markets. What they are prevented from selling in the States they will sell abroad which will hurt correspondingly the foreign markets of United States farmers."

"(2) The tariff compels the farmers of Western Canada to become more efficient; adopt the very latest labor saving methods and still further reduce prices."

"Frankly I am very sorry to see our agricultural interests so short-

# \$250 FINES PAID IN COUNTY IN MARCH

Fines collected by the Justice branch of the municipal court last month amounted to \$230. The county

sighted as to force such a tariff policy against a peaceful neighbor. The Babsonchart of Business in Canada today shows activity at 5 per cent below normal while business in the United States is at 3 per cent above normal.

# LACROSSE MAN IS HEAD OF NEW STATE PHOTO ASSOCIATION

Wisconsin Branch of Photo Finishers Organization Is Formed Here

C. R. Moon of La Crosse was elected president of the newly organized Wisconsin branch of the Photo Finishers Association of America at a meeting of 25 photo finishers at the Conway hotel on Thursday. The finishers met with officers of the national association and brought about the establishment of the Wisconsin section of the organization, the aim of which is to get every man and woman in the photo finishing business as a member.

Three vice presidents were elected including J. M. Miller of Milwaukee, J. A. Rummel of Manitowish, and A. J. Kinsbury of Antigo. William J. Meier was elected secretary-treasurer. The association plans to have one or two meetings during a year but the place of the next meeting has not yet been determined.

The conference was planned as a two-day session, but it was found possible to complete the business after the banquet which was served at the Conway hotel on Thursday evening. The officers and most of the delegates left Thursday evening, but a few remained in the city and held informal conferences with the Appleton finishers who are interested in the association. Practically all of the cities of the state which have photo finishing establishments were represented including Green Bay, Oshkosh, Fond du Lac, Manitowish, Madison, Milwaukee, Antigo, Beloit, Two Rivers and La Crosse.

## Segal Solves Drink Problem For Rotarians

Rotarians probably stand up in their chairs at their meeting Tuesday noon to give three cheers for I. D. (Dizzy) Segal for solving one of their biggest problems. At least a thousand visitors expected for the tenth district conference here on April 29 and 30 and the committee in charge were confronted by the task of providing this horde of thirsty Rotarians with liquid refreshments. Desirable refreshments are difficult to obtain in quantities sufficient to satisfy so large a number of men and the committee were perplexed. Mr. Segal learned of the difficulty and with a "Huh, that's easy," he took his trusty typewriter to hand and handed out a letter that would move the Sphinx to tears and get results. In Thursday's mail was a letter notifying him that 500 bottles would be shipped to him for distribution to the Rotarians at their banquet on April 29. Izzy grabbed the letter and hustled to Dr. E. H. Brooks, president of the club and to other leaders, bubbling over with joy as he spread the glad tidings. "Our guests shall not be thirsty," was his slogan as he flitted hither and yon with the news. A big problem was solved.

Each bottle will contain two quarts of White Rock mineral water, all of which is donated by the White Rock Mineral Springs Co.

### LOYAL LIVES

One of the most realistic fights in a river is contained in "Loyal Lives," a picturization of the romance of the United States Mail, which will be shown at the Majestic theatre tomorrow.

The scene is one that will bring shudders to spectators, so realistic is it.

Collier, who plays the part of Terrence, son of a letter carrier, is making his first run as a railway mail clerk when two daredevil bandits clamber down from the roof of the moving train and get into the mail coach.

The other mail clerks are overcommod. Collier succeeds in foiling one of the bandits. As the train swings over the bridge, the remaining bandit seizes a registered mail pouch. Collier grabs

Manderfeld Was Almost Desperate When He First Took Tanlac—Today He Is Free From Troubles.

"My troubles had me thinking my time on earth was nearing the end. But as sick as I was, barely able to hobble about, Tanlac soon had me enjoying normal health and strength," is the striking statement of Nicholas Manderfeld, 1620 Grand Ave., Racine, Wis.

tion for unmarried persons is \$800, while that of married persons is \$1,200 with \$200 additional for each child. Business men are urged, in the April bulletin of the Business Information bureau, to give their support to the campaign to obtain \$2,500 in Outagamie-co. for Wisconsin. The Land of Lakes, Inc. The campaign will start Monday and continue for three weeks.

Announcement also is made that Leonard S. Smith, city planner who made Appleton's plan, will come here from Madison April 11 to speak at the Y. M. C. A.

Considerable information concerning business conditions and costs also is contained in the bulletin.

Attention and institution in the city is supporting it. Appleton Lions are selling tickets. None of the seats will be reserved and only the capacity of the hall will be sold.

The fund for supplying the band instruments was started last winter and has been slowly growing. At least \$1,000 will be required for the initial purchase. A band director will be supplied after the instruments have been secured.

## ENLARGE TRACTION COMPANY OFFICES

Waiting room and sales display facilities of the Wisconsin Traction, Light, Heat and Power company will be increased through the remodeling of its offices at 750 College-ave.

## House With Eyes In First Scene Of Valley Drama

Have you ever fancied that houses have faces and that their windows are their eyes? You will have a chance to see a house which has eyes—eyes which watch the characters in "The Tale of the Fox River," the first act of the "Tale of the Fox." The little fairy tale house which is the home of the old witch was in the process of construction at the Playhouse Friday. The eyes which move about are being constructed also.

Here's a little dope on the paper lace on the Valentine for that pantomime. It looks lovely and you would never know what it is made of unless someone told you. It is bottle cap scrap, the paper out of which milk bottle tops have been cut.

Lots of other things are being made at the Playhouse, too, butterflies, fans, windmills and anything else that they need in the production. The studio is open for inspection all during the day and the artists and non-artists are glad to have visitors come in. ## COUNCIL INSPECTS TUESDAY'S BALLOTS

Zekind Is Elected Justice of Peace Over Many Opponents

Kaukauna — The common council met as a canvassing board following its adjourned session Thursday evening and examined the votes of Tuesday's election. A resolution was adopted authorizing the city clerk to issue certificates of election to the winning candidates. A large group of south side voters derived considerable enjoyment in their attempts to "ride in" a friend for the office of justice of the peace, there being no candidate for that office. It happened that several parties advocated candidates with the result that not less than 14 names were written in on the ballots. Elliot E. Zekind, however, was elected to the office by a plurality of 63 votes with Floyd Schrader running second.

Successful candidates were declared elected by the following majorities: E. C. Raught, mayor, 2,337; L. C. Wolf, city clerk, 2,355; Peter J. ## MAYOR AUTHORIZED TO APPOINT NURSE FOR ONE YEAR TERM

Three Contractors Submit Bids For Paving Wisconsin-ave

Kaukauna — The office of city nurse was created and the report of the board of public works giving the names of contractors and their bids for paving Wisconsin-ave was adopted at an adjourned meeting of the common council Thursday evening in the council chambers. The body adjourned until next Tuesday, April 15 when the newly elected aldermen will take their places.

The ordinance creating the office of city nurse authorized the mayor to appoint the nurse, subject to confirmation by the council. The nurse's term will begin on May 1 succeeding the date of appointment and will be for one year or until a successor has been appointed and has qualified. The salary will be fixed, together with salaries of other city officials, on the first regular meeting of each year. Only registered nurses will be considered eligible for appointment and will be under the supervision of the city physician and the committee on public health and education of the council.

Three contractors entered bids for the Wisconsin-ave paving, according to the report of the board of public works which was adopted and published. The bids were as follows: John Coppens, concrete, reinforced, \$47,444; vibro-lithic pavement, \$47,396.40; L. A. Larson and Co., Oshkosh, concrete, reinforced, \$46,202.40; vibro-lithic pavement, \$45,257.60; Joseph McCarty Construction Co., Kaukauna, concrete, reinforced, \$45,744.90; vibro-lithic pavement, \$44,559.90.

## CROWD AT OPERETTA UNDER USUAL SIZE

Kaukauna — A smaller crowd than usual attended the thoroughly enjoyable operetta, "The China Shop" presented Thursday evening in the high school auditorium by students of the high school glee club. The production will be repeated for the last time Friday evening. The speaking and singing parts were not in the American-Chinese dialect as many people had imagined, but in every-day English.

The tunes are lighter and appeal to the fancy of the audience. Solos by Karfair, the American reformer, played by Cornelius Mayer, were especially well received. The song "All Will Be Well" by Karfair, Cornelius Mayer, Wun Tun, Lloyd Mereness and Mush Lush, Clifford VanAble, was one of the hits of the evening.

Miss Florence Kohn, who directed the play, took advantage of the opportunity offered by the Chinese costumes, and the stage with its decorations and costumes was a riot of color. The first act represented a scene in a chamber in the rear of Fat Sing's bazaar while the second act represented the garden of the chief magistrate's residence.

## JOSEPH'S DOG SECOND IN CHICAGO SHOW

New London — "Buddy," a German police dog, has brought honor to his master, E. C. Jost of this city. Competing with 250 other dogs, 127 of his own kind in the shepherd class, the canine brought second prize to his owner in the Chicago Kennel club show at Chicago last week. Dogs from all over the country were entered.

Buddy is 15 months old and has been in Mr. Jost's possession for about a year. He weighs 12 pounds and stands 25½ inches high. He came from noted German parents, Cuno von Westenberg and Uval von Jochenberg and this royal lineage in his veins helped him to draw the attention of the judges away from his kennel neighbors.

"Dax," a dog owned by the Green Bay Kennels, Chicago, won first prize in the shepherd class. The Armours of Chicago owned the victor.

## WEDDINGS AMONG COUNTY'S PEOPLE

## CONSIDER BETTER LAWN CONTEST TO BEAUTIFY KAUKAUNA

Advancement Association Wants to Stimulate Landscape Work

Kaukauna — Discussion of the advisability of conducting contests for better lawns, flower gardens and small truck gardens was taken up at the weekly meeting of the Advancement association Thursday evening in the council chambers, and a committee composed of M. H. Nielsen, B. W. Fargo, Marshall Bayezoon, N. M. Haupt, A. R. Firehammer and N. L. Cass was appointed to map out a city beautiful campaign during the coming summer. Members of the city council were guests of the club.

Appointment of the athletic committee also was announced. The committee, which is composed of W. F. Ashe, L. F. Nelson, Hugo Weissenbach, Lester J. Brenzel, A. Goldin, John McCoy, M. H. Nielsen, William Rohan, and R. H. McCarthy, will investigate the advisability of purchasing a municipal athletic field.

Fina reports on midwinter fair showed little change over last week's report. Total income amounted to \$1,487.30 while the total expenses were \$1,415.29 leaving a balance of \$72.01. A discussion relative to a city beautiful contest occupied the closing minutes of the meeting. It was concluded that Kaukauna is not up to the minute with respect to appearances of private and public yards and parks. The plan of the association will be to invite competition among the citizens in beautifying the city by offering prizes for the best appearing lawns and flower gardens. The committee is expected to make a full report of plans at next week's meeting.

Nothing creates domestic discord so much as an attack of indigestion, and nothing gets rid of indigestion quicker than Bismarck's. No man can be so well tempered, good natured or even fair minded when his stomach is constantly sick, sour, gassy, and upset with irritating distress. If your husband has stomach trouble neither would nor pity him, but help him by seeing that he has a supply of Bismarck's. Bismarck's either powder or tablets constantly at hand. A teaspoonful of powder or two tablets taken in a little water after meals will instantly neutralize the acids in his stomach that are causing his trouble and he can enjoy his meals with no more fear of indigestion. Bismarck's is the specific form of Bismarck's used by the sane to neutralize stomach acidity and quickly overcome indigestion—do not confuse with Milk, Carlsberg, Black or White of Bismarck's. Bismarck's is safe, its action is safe, it is pleasant and sure and it can be obtained at small cost from any reliable drug store.

Even Chronic Rheumatic Swellings in Ankle, Knee, Elbow, Shoulder or Finger Joints Yield to the Mighty Powerful Influence of JOINT-EASE.

It's here, right in town and every five druggist is selling it like hot cakes.

penetrate to the bone and tendons and blessed comfort comes.

It absorbs instantly and is so clean that you can rub it on often and get thereby, results much more quickly, when the joint is inflamed and the agony intense.

Being such a powerful counter irritant, it cannot help bringing speedy and helpful results in congestion, sore throat, chest colds, lumbago and neuralgia much quicker than almost any other remedy.

But you must remember that it is for joint afflictions that it is mostly dispensed and its helpfulness will astonish you after all ordinary liniments and other treatments have failed. 60 cents a tube at Voigt's Drug Store or any live druggist.

## PUPILS OF RURAL SCHOOLS COMPETE IN TOWN CONTESTS

Winners of County Contest Get Way Paid to State Fair in Milwaukee

Schools of Outagamie co. will be represented in school contests in the state fair at Milwaukee this fall, and contests will be held in Appleton on June 6, 1924, on commencement day, to decide which pupils shall represent the county.

The school contests at the state fair will be conducted in such subjects as spelling, arithmetic and penmanship. Elimination contests will be held on April 25 in the various towns to determine who shall represent the town at the county schools' commencement exercises.

Other elimination contests are to be held in singing and declamation. No elimination contests will be held in map making, society minutes, sewing, manual training and current events. At each school will be brought to Appleton on commencement day when the winners of each contest will be decided. Selections will be made from this work to be displayed at the state fair.

Schools already are practicing for these events, and the old fashioned spelling-day contests are popular affairs every week these days. The contests to be held here on commencement day have nothing to do with the field day contests which will be held here in May. Field day this year will be restricted to athletic contests, while contests in branches of school study will be held on commencement day.

**KEEN COMPETITION**  
Competition will be keen among the schools and pupils for the honor of representing the county at the state fair and the chance at competing in the state spelling, arithmetic and penmanship contests. Pupils receiving the highest average in the three contests will represent the county and will have all their expenses paid by the state.

In the declamatory contest, the recitations will be limited to eight minutes. In the song contest pupils will compete for the best solo work and for the best duet or solo singing. Elimination contests in these subjects will be held in the various towns on April 25.

**DRAW FARM MAP**  
Minutes of the secretary of societies in schools will provide material for another contest. The minutes will be judged as to neatness and completeness of the entries. An agricultural school district survey map will be the subject of another contest. A map exercise contest consisting of eastern hemisphere map studies will be held. Winners of a contest for the best current events booklet will be determined. This work is in connection with language and civics. Sewing contests will include such objects as plain towels, kitchen aprons, sewing aprons and holders. The manual training exhibits will consist of a bird house, a bread board, a wooden toy and a corn drier. Entries for these contests should be in the office of the county superintendent of schools at least a week before commencement day.

Following are the centers where the town elimination contests will be held: Fairview school, Black Creek; Shick school, Boyva; Combined Locks school, Buchanan; Pleasant Dale school, Center; Cicero Graded school, Cicero; Dale Graded school, Dale; Coffey Bridge school, Deer Creek; Stephensville school, Ellington; Woodside school, Freedom; Appleton court house, Grand Chute; Pleasant Corners school, Greenville; The Elms school, Hortonville; Apple Creek school, Kaukauna; Sleepy Hollow school, Liberty; Leeman school, Maine; Clover Blossom school, Maple Creek; Silvery Summit school, Oneida; Pioneer school, Osborn; Cherry Hill school, Seymour; Hermans school, Vandenbrook.

## GERMANY THREATENED WITH RAILWAY STRIKE

London—A general strike of railwaymen threatens throughout Germany, according to an agency dispatch from Berlin, which says several thousand men already have ceased work in Elberfeld, Maastricht, Mannheim and other important industrial centres.

the attention and appeal to the average picture goer. It presents Alice Calhoun at her best.

The star while considering the different productions in which she has appeared, wrote a short article bringing in the titles of all her pictures, which is reproduced below:

"The Angel of Crooked Street" is a "Charming Deceiver" called "Princess Jones," who had "The Dream" about how "Peggy Puts It Over" in "The Matrimonial Web" with "The Little Minister" behind "Closed Doors" when the neighbors thought it was "Everybody's Business" and they were "Locked Out" from the "Blue Blood" society called "The Rainbow."

## FILM STORY OF OREGON TRAIL PROVES HISTORY EXCITING

Entertainment is the chief thing that draws people to theatres. But a picture or play which is instructive at the same time, weaving its romance through the threads of a great story of fact, has an influence far-reaching and incalculable in its benefits. "The Oregon Trail" is a Universal serial, of history and romance which brings Art Record to the screen of the New Bijou theatre Saturday matinee only in a picture as valuable as it is entertaining. Research work in the files of history to disclose the secret facts of the great exploration of the Oregon Trail, on which this story is based, occupied many months.

## BARTHELMSS BRINGS NEW TYPE TO SCREEN

With "The Enchanted Cottage," Richard Barthelmess' newest production under the direction of John S. Robertson, Mr. Barthelmess adds another type of motion picture to the long and varied list which he has already made.

In "The Enchanted Cottage" which will be shown at the Elite Theatre on Monday, Tuesday and Wednesday, Mr. Barthelmess plays the role of a broken down war veteran, a youth who has lost all interest in life and who is physically ruined as the result of the war. This role not only gives the star an opportunity to add another character portrait to his gallery, but "The Enchanted Cottage" with its whimsical comedy and its subtle theme that love makes all things beautiful, promises to be the sort of picture which has a general appeal to all types of movie fans.

In May McAvoy, who plays opposite Mr. Barthelmess, "The Enchanted Cottage" finds an exceptionally well cast heroine. Miss McAvoy possesses the acting ability to appear in the double role of a plain, almost homely, and colorless girl, and a beautiful woman, rich with youth and fire.

## Piles

Can't Be Cured from the Outside

External treatments seldom cure Piles.

Nor do surgical operations. The cause is inside—bad circulation. The blood is stagnant, the veins lumpy.

The bowel walls are weak, the parts almost dead. To quickly and safely rid yourself of piles you must free the circulation—send a fresh current through stagnant pools. Internal treatment is the one safe method. Ointments and cutting won't do it.

J. S. Leonhardt, M. D., a specialist, set at work some years ago to find a real internal remedy for piles. He succeeded. He named his prescription HEM-ROID, and tried it in 1000 cases before he was satisfied. Now HEM-ROID is sold by druggists everywhere under guarantee. It is a harmless tablet, easy to take, and can always be found at Schlitz Bros. Co., who will gladly refund the purchase price to any dissatisfied customer.

## GET INSTRUCTIONS ON \$500 EXEMPTION

Homeowners Can Secure Reduction in Assessment by Filing Affidavits

How will the deductions for the \$500 homestead exemptions, recently allowed by law, be made? According to a circular sent out by the state tax commission, the burden of this work will fall upon the city clerk. E. L. Williams, Appleton city clerk, however, is of the opinion that the work can be made much simpler by the assessor at the time he makes the assessment. He need only deduct \$500 from the assessed valuation of the home.

The tax commission declares that under the provisions of the law the city clerk shall deduct the amount from the tax roll returns made by the city assessor in all cases where affidavits have been filed by those applying for the exemption. The assessor has no concern with the exemption, and the only thing he has to do is to add the letter "H" standing for homestead, to the ordinary description of the property.

Under the provisions of the law, the applicant for exemption must file with the assessors an affidavit setting forth that he applies for the \$500 exemption on his homestead. The affidavit must be handed in not later than July 1. It is expected that the city of Appleton will have the necessary blanks before May 1, which is

**THE DARLING OF NEW YORK**  
The dash man almost got away with Baby Peggy and surely the "raggedy man" would have taken her dolly had she abandoned it. But she clung to the doll with a tenacity. It was a very ordinary looking rag doll, but it plays one of the most important roles in one of the most dramatic crook plays of the season. "The Darling of New York," the Universal Jewel starring Baby Peggy, now playing at the Elite Theatre. King Baggot directed the picture.

**ALICE CALHOUN MAKES STORY BY USING FILM TITLES**

Alice Calhoun, the charming star in "The Angel of Crooked Street," a dramatic story of the life of a young girl sent to a reformatory on circumstantial evidence, and who, when she comes out, associates with crooks but remains unsmirched and seeks revenge from the woman who wrongs her, will be shown at the New Bijou Theatre today and Saturday.

## MOVE TO REVIVE WORK AMONG BOY SCOUTS IN CITY

Local Scout Leaders Confer  
With District Officer on  
Situation

F. M. Finnell of Chicago, divisional superintendent of Boy Scouts of America for the midwestern district, conferred with several local leaders of the boy scout movement at a luncheon Thursday noon at Conway hotel, relative to reorganization of the work in Appleton and the appointment of a full time executive.

It was the opinion of those present that the scout movement should be continued but no definite action will be taken until the early part of May, when Mr. Finnell will return for a second conference.

At that time a canvass of the situation will be made and a committee of 27 members will be appointed to take up the work where it was abandoned several months ago.

Local clubs and lodges and other organizations will be in all probability be asked to extend their support to the movement.

## Grocers Suggest Dried Fruits For This Season Of Year-Lettuce Higher

Does your baby have teething rings of baby educator food? Have you served creamed celery root this week? Do you know that this is the very best season of the year in which to serve dried fruits to your family? Have you seen the regular French dressing which is on the market? Does your family object to oil mayonnaise dressing?

About the teething rings. Perfectly sanitary rings of a very hard food substance have been fashioned by a firm which specializes in baby food. The babies are said to like to bite on these and chew on them. They come in packages costing 25 cents.

Celery root seems to be one of the most popular of vegetables at this time. The roots vary in price according to size. They are scraped and diced before being boiled in salt water. Then the cooked dice are served in hot cream sauce.

**DRIED FRUIT LEASON**

The dried fruits are at the peak of their season right now. A combination of prunes and apricots stewed together is suggested by one grocer. Prunes sell at any where from 8 to 30 cents while apricots run from 15 to 25 cents. The skinned dried peaches come to 25 cents a pound. The grocer says that black figs are good for other things than making wine and he has some nice ones at 18 cents a pound. Package dates sell at 20 and 25 cents a package but there are some good dates in bulk at 15 cents a pound.

Fruits are attracting a good bit of interest now with Florida oranges in the lead. Apples now are being bought by the pound or peck, with only a few wanting bushels of apples. By the way, if you are very fond of cranberries and want just one more serving of berries buy them now. The cranberry season is just about over. Alligator pears which make such delicious salad are back to 75 cents apiece again. The Florida strawberry season is over and the new berries are coming in plants from Louisiana. They were very scarce in Appleton Thursday.

All the vegetables, peas, beans, carrots, beets, tomatoes, asparagus, cauliflower, spinach, cabbage, were about the same in price, but head lettuce is high, selling at 15 and 20 cents a head and more. This is the end of a lettuce season too and the new crop is not quite ready. Most of the stores have leaf lettuce at 10 cents. You can get peppers, parsley, celery, horse radish and chives in the usual quantities. Mushrooms are quoted at about \$1.10 a pound. New potatoes are on the market and selling at 12 cents a pound, while sweet potatoes are higher now at 15 cents.

On yes, about the salad dressings. There are several new varieties of mayonnaise which are made without oil, one of them is known as a butter dressing. You know, of course, that many of the companies are putting up salad dressing in quart jars which the grocers figure save you almost 50 per cent over the small 15 cent jars. The range in price is from 15 cents to \$1 or higher per jar. The new bottled French dressing is much in demand for combination vegetable salads was found in one store only. It looked delicious.

## FEWER COMPLAINTS OF FLOODED SEWERS

Although complaints are beginning to be received by the street department from property owners regarding water backing up from the sewers as a result of the spring thaw the department does not expect the trouble that was experienced last year.

Thus far only three complaints have been made because of backwater, but last year at this time there was a foot of water flowing on the pavement at Richmond-st and Second-ave. The reason for the more favorable conditions this year is the fact that the frost is nearly out of the ground. The only thing that is feared now is a series of heavy rains. The department is flushing out the sewers just as fast as possible.

## ROGER TUTTRUP MEMBER OF BELLOIT DEBATE TEAM

Roger Tuttrup, son of Mr. and Mrs. H. W. Tuttrup, 481 Alton-st., who is attending Beloit college, is a member of the negative debating team which meets the affirmative team of Butler college, Indianapolis, at the college chapel, Beloit, Friday evening. The other members are Orton Motter and Norval Myers.

It is said in college circles the debate will be one of the most interesting of the year for several reasons. It is the first and only decision debate to be heard in Beloit.

## The Erring Wife and Mother

is the woman who sacrifices her health and consequent happiness to her ambition. We all know such women—women who are so anxious that their homes shall be kept immaculately neat and attractive and their children well dressed they overdo and soon bring on some feminine ailment which is evidenced by nervousness, irritability, headaches, backache and other aches and pains attending such ills. Every woman should remember that the most successful remedy for such conditions is Lydia E. Pinkham's Vegetable Compound which for fifty years has been restoring women to health, strength and happiness.

## POLICE HAD VISIONS OF GUN BATTLE WHEN FOLKS GOT EXCITED

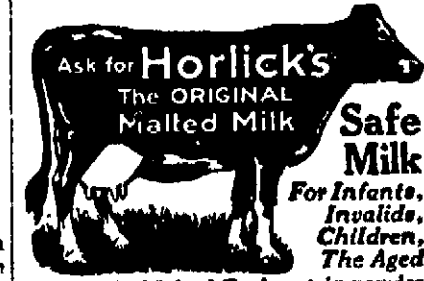

Residents of the west end of College-ave received a fright Thursday evening from what appeared to be a visit by the ghost of Pancho Villa or the gunman Tommy O'Connor. Several loud reports sounding exactly like a series of pistol shots were heard. Police were notified of the affair and upon investigation they learned that the "firing" was simply the backfiring of two automobiles chasing each other.

Miss Rose Lorriss of Rice Lake, a former member of the Columbian club, attended the final performance of "The Upper Room" at Columbia hall Thursday evening.

Miss Jean King, who has been visiting friends at Neshkoro, Wis., for several days, has returned home.

LETTER FROM LESLIE PRESCOTT TO LESLIE PRESCOTT.

"I cannot help you think about it, Leslie," remarked Jack. "I shall insist upon knowing how and when and where my wife goes when she leaves her home."

"Pardon me. I shall spend most of my time at the telephone then and you will have to have an extra secretary to take the descriptions of my 'goings-outs' and 'comings-ins.' Besides, you have been informed that I am one leaves a baby on our doorstep is going tomorrow morning to meet my mother. She is going to 'leave on the tenth' and I probably will be coming home on that day."

Jack was now beside himself with rage.

"I'll write your mother that you are not coming."

"Of course I can't keep you from wiring mother any insulting thing you choose, but after you had sent me to my father for a great deal of money and I had brought it back to you, I surely think you are making a mistake to wire my parents that you will not allow their daughter to see them off."

I want you to understand Jack, that I am going and more than that I am going to do anything else that I please."

"Do you mean to tell me, Leslie, that you are going to certain places, whether I like it or not?"

"Do you mean to tell me, Jack, that you have never gone to places where I would not want you to go without consulting me?"

"Oh, what's the use of talking to an unreasonable being as you are? You know as well as I that, while that damn picture is on here in the city if you leave town it will kick up an awful scandal."

"Oh, that's it, is it? Now I have gotten to the crux of the matter. You have been disturbed over this picture. I am quite sure I don't know why you should be, except that you want to safeguard the name of your friend, Sydney Carton."

"I want nothing of the kind. Of course I haven't the slightest idea that little Jack is the son of Sydney Carton. That is just a fragment of your silly brain. Just because some one leaves a baby on our doorstep is no reason why my best friend should be its father or why some moving picture actress who has a story of a deserted baby in her picture should be its mother. Indeed, it seems to me that a friend would probably be the last one to saddle a baby on a friend. Personally I should be glad to know that as pretty a girl as Paula Percy and as decent a chap as Sydney Carton were the parents of our child."

"You have said that before, Jack. It isn't necessary to repeat it. 'Well I do repeat it because I want to impress upon your mind the ugliness of all this gossip. It will take a fresh start if you leave the city. People will say you have gone to get a divorce from me. Can't you see it is impossible for either of us to leave until that picture is off the screen?"

"I have nothing to do with the picture, Jack, and you insist that it has nothing to do with you. I am going to see my mother and father off."

"All right, all right! Break up our home if you want to," Jack strode out the door.

TOMORROW: The letter is continued—Ruth finds a way out.

"And after a while when the birdies hatch out, it's easy to see what the rest were about."

"Tis a cradle they builded, the finest and best."

Though to see it you'd say 'twas a dicker-bird's—"

"Next" shouted everybody with one voice.

"I knew it would be too easy," declared the Riddle Lady. "How I am ever going to divide the prize, I don't know."

"What is the prize?" asked Jack Hopper.

"It's something everybody should take in the spring," said the Riddle Lady. "I made it myself. I boiled some saffron and honest herbs and catnip and sulphur and molasses all together and put it in a great big bottle. I have it! I'll give everybody a spoonful!"

But mind you, by the time she got the cork out of everything, there wasn't a soul in sight.

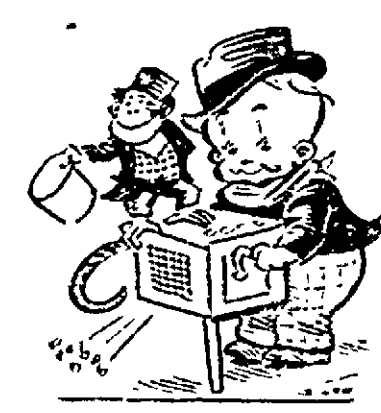

Wasn't that the queerest thing ever? After all their guessing, nobody wanted the prize.

# STRIBLING-QUINN CARD PUTS CITY IN LIMELIGHT

## All Roads Will Lead To Appleton On Day Of Important Fight Menu

Hendricks and Schwebs Are Added Attractions, While Boya-Church Tilt Promises Further Excitement.

More publicity has been given Appleton through the Stribling-Quinn fight scheduled for April 11, than any other event has attracted for years. Sport scribbles throughout the country sat up and took notice of "Y's" announcement that his boy would meet the "Gunner" in Appleton, and several of the metropolitan dailies spread the news all over their sport sections. There will be a big card on in Milwaukee on the same evening, but according to the dope brought back by Elmer Johnston, Cream City fans are much more deeply interested in the Appleton card than in their own.

Stribling and his party plan to leave the city on Saturday or Sunday, which will bring them to Milwaukee on Monday or Tuesday. After a day or two of training in Milwaukee, the Georgians will continue their journey to Appleton, and may be expected here Thursday afternoon, at the latest.

**CITY WILL BE CROWDED**  
According to all indications, Appleton will be crowded to capacity on the day of the big fight. This will be Stribling's first appearance in the middle west, and his time, which is international in scope, will attract fans from all over the country. Arrangements are being made to increase the seating capacity of Armory G here for the battle, but probably hundreds of fans will be unable to get in.

Washle Hendricks of Kaukauna, King Schwebs of Hortonville, and Young Church of Green Bay probably will fight in the preliminary attractions, and as each of these boys has a large following in this neck of the woods, on his own account, the cities which they represent may be depended upon to send large delegations to the fight.

**CHURCH MAY MEET BOYA**  
It looks as though Church and Dick Boya of Appleton would be brought together once more in the Thursday card. Church stopped Boya early in their last meeting here when he closed the Appleton boys' card with a stiff jolt, and since that time it has been impossible to bring the two together again. Boya has worked hard since that time, and in the last card here won the championship of the city in a stiff tilt with Phillips of Appleton.

Hendricks is second only to Jack Zwick in the hearts of Kaukauna fans, and Schwebs has gained great popularity throughout this part of the state by his clean and sportsmanlike tactics.

Johnston has not yet signed opponents for Hendricks and Schwebs, but is negotiating and expects to obtain results within a day or two. The Kaukauna scrapper probably will meet a boy from Appleton or Oshkosh, while Johnston is angling for a classy lad from Iron Mountain, Mich., to meet Schwebs. If this battle falls through, a Milwaukee boy will be secured for the Hortonville boxer.

## PIN BUSTERS BEAT W. HOOPER BOWLERS

Pin Busters Thursday night defeated the W. Hooper bowling team in a hard-fought match on the Arcade alleys here. The Hooper girls got off to a slow start in the first game, which they dropped, 510 to 554, but came back strong in the second, and defeated their rivals, 619 to 575. Both teams slumped in the third game, but the Pin Busters managed to pile up 557 nines while the Hoopers were smothering 545.

Sylvia Roudsback totaled 422 sticks for high total on the Pin Busters team, but her team mate, Mrs. Patalick rolled 166 for high game score. Catherine Nooyen's aggregate of 288 led the Hoopers, and her 158 score in the second game also was high.

Following are the scores:

## YANKEES VANQUISH ROCHESTER WHILE GIANTS TRIM SOX

Detroit Tigers and Cincinnati Red Sox Prepare to Break Camp

**THURSDAY'S RESULTS**  
Detroit 14; Asheville 15.  
Cardinals 3; Milwaukee 2.  
Yankees 8; Rochester 7.  
Brewers 3; Cleveland 6.  
Pirates 18; Cubs 8.  
Giants 10; White Sox 7.

Lee Fohl is an acknowledged builder of baseball teams. He perfected a great organization at Cleveland and then followed by piecing a club together at St. Louis. Now he has tackled the Boston tilt enders and, on paper, appears to have the punch to win a lot of ball games and incidentally get out of last place.

Dudley Lee, Tulsa, Western league star, has plugged up the shortstop position fully 25 per cent. The big trade engineered with the Cleveland club which sent first baseman Burns, Catcher Walters and infielder Fewster to Cleveland for catcher O'Neil, Second baseman Wambas Ganss and Outfielder Connolly added additional punch and strength to the club.

The acquisition of Outfielder Veach from Detroit at the same time also strengthened the club. Joe Harris will displace Burns at first and McMillan will place third. The infield as a whole is not one to set any league on fire, but it will cause a lot of worry to the other clubs. "Hard hitting" in addition, the infield is composed of Flanders, Connolly, Boone, Todd and Collins, all of the dangerous slugging type. The veteran O'Neil will do the bulk of the catching with Plentich as an able assistant.

Ehmanke looms as the star of the pitching staff. The veteran Jack Quinn has showed no signs of slacking, and with Percy Fickett and Ferguson, round out a twirling corps which is not to be laughed at.

Outfielder Gus Felix of the Boston Braves has recovered from an operation for appendicitis but will not join the club until April 15, at Philadelphia.

**SLUGGING SAVES DEAN**  
Wayland Dean, high priced Louisville star, received a good bumping by the White Sox Thursday and was only saved from defeat by the heavy slugging of his team mates, Kelly and Southworth. Ryan relieved Dean and held the American leaguers. The National leaguers now have the edge on the series, 3 games to 2.

Outfielder Bernie Neis has patched up his differences with Manager Robinson of the Dodgers. Babe Ruth failed to satisfy a hungry crowd of fans who were looking for the slugger's equality. However they were rewarded with a double and single while the Yankees trimmed the Rochester International.

This Speaker and his Indians are causing the members of the New York Yankees considerable worry. The Detroit Tigers are smothering off the rough edges of the Yankees with intensive practice at Augusta, which is being northward, April 7. The Cincinnati Reds were resting on their heels Friday preparatory to their trip to Dayton, the first stop of the homeward journey. They broke camp Thursday with the announcement that "Bubbles" Harzgrave would swing into action in the exhibition games.

Although the White Sox lost to the Giants, the return of defeat was slightly offset with the arrival of the veteran Outfielder, Harry Hooper, who reported to Acting Manager Evers. Departure of outfielder Johnny Mott from Chicago to join his team mates also was cheerful news. Rip Collins, the Buffalo club's new pitcher, was at most ripped off the mound by the slugging Pirates, who smothered enough runs in a single inning to win anybody's ball game. Manager Kilfer expects to cut his roster down to the 25 player limit before the club finishes its training.

## HORNSBY WILL HAVE BAD RIVAL IN EDDIE ROUSCH

With Eddie Rousch of Cincinnati getting the benefits of spring training, the return of defeat was slightly offset with the arrival of the veteran Outfielder, Harry Hooper, who reported to Acting Manager Evers. Departure of outfielder Johnny Mott from Chicago to join his team mates also was cheerful news. Rip Collins, the Buffalo club's new pitcher, was at most ripped off the mound by the slugging Pirates, who smothered enough runs in a single inning to win anybody's ball game. Manager Kilfer expects to cut his roster down to the 25 player limit before the club finishes its training.

St. Paul, Minn. — Mike Gibbons, manager of Jimmy Delaney, St. Paul light heavyweight, announced he had accepted terms to box Young Stripling, Georgia schoolboy at Indianapolis, May 2.

## Promise Made Mother Bans Sunday Games

Bradenton, Fla. — Branch Rickey doesn't manage his Cardinals on Sunday, as everybody knows. It isn't that branch has any scruples about Sunday ball, as capricious critics frequently claim. Rickey made a promise back in the old days to a certain beloved member of the family that he'd never play ball on Sunday.

When that promise was made Mother Rickey still with great reluctance gave her consent to his ambition to become a professional ball player.

Go ahead and be 'em kid you, Branch, about Sunday baseball. You weren't the first boy ever to make a promise to his mother not to do the first one to regret it as sure I

## "Strangler" Falls

"STRANGLER" LEWIS AND HIS BRIDE

Chicago—There's one hold that can floor "Strangler" Ed Lewis, champion wrestler. And that's the "heartlock."

Miss Bessie McNear, Kansas City, Mo., beauty, is the second to apply to the other clubs.

The first was Dr. Ada Scott Morton, California woman physician, but he slipped from her hold after a few years of married life, and the divorce judge separated them.

There was considerable laugh and tumble with romance before the second victory of Cupid vs. Lewis had been achieved.

Billy Sandow, who is Lewis' manager, had put the champion under agreement, it is said, to stay out of the matrimonial run. No more love matches, were the orders, while the "Strangler" was champion.

Now Lewis can see his head as well as his famous "headlock," and, on the eve of his marriage, the manager was locked in his hotel room. Meanwhile the paison gave a decision of "married."

Sandow, reported to be a bit angry, is charging that the marriage is a violation of the contract, and there may be some later argument as to whether the "heartlock" can be listed in the regular wrestling rules.

Lewis' first wife was an authority on physical training and built for her wrestler husband one of the finest gymnasiums in America, this being her wedding present.

Some time ago there were rumors that a little Russian princess, Mary Travaski, had been matched with the champion, but the "heartlock" didn't seem to work.

## CLASS D MAGNATE SEEKS TO INTEREST OSHKOSH IN LEAGUE

Sioux City, Ia., Owner Ready to Enter Charley Moll's Loop

Oshkosh—Some fast baseball men are slated to play in Oshkosh if the every-day baseball league becomes a reality. Charles F. Moll, president of the old Wisconsin-Illinois league, is lining up six cities in this state that are clamoring for every-day, organized baseball, or what is known as class D ball. As soon as the league takes definite form, George W. Segrist, owner of the Sioux City, Ia., baseball club, which plays in the Iowa, Nebraska, and South Dakota circuit, will take over the local franchise and put a team in the field.

The Sioux City manager has thirty-five baseball men under contract and the men who will be sent to Oshkosh have all been tried in class D baseball and have delivered the goods. The majority of the men are college stars who were bright lines on the diamond during their college days.

## GIVE OSHKOSH A WINNER

The Sioux City manager, George W. Segrist, stated: "I am not forcing myself upon the city of Oshkosh and would rather stay out than have such an impression in the case. I have a good ball club at Sioux City and am ready to give Oshkosh a winner. I expect cooperation from your civic bodies only."

Mr. Segrist is waiting until a league is lined up, and as soon as it is he will decide whether he will come to Oshkosh. He stated he had a good manager to handle the Oshkosh club in the event that he located a team here.

## "HIT 'EM SAFE" IS BABE RUTH'S SECRET OF GLORY

Babe Ruth, in explaining the fact that he leads the American league in strikeouts as well as home runs, says: "It doesn't matter much how you get out if you don't hit 'em safe." That's one explanation.

Nashville, Tenn.—Tommy Gibbons, St. Paul challenger of Jack Dempsey, knocked out Jack McFarland of Detroit in the second round of a scheduled eight-round bout.

## Y. M. C. A. HANDBALL FANS START JOUST

Gold, Silver and Bronze Medals Offered Winners; 16 Enter Tourney

Sixteen handball fans of the Appleton Y. M. C. A. have entered an elimination tournament, and started playing in April 2. In the opening match Wednesday, H. Dittmore took two straight games from W. S. Ford, 21 to 6, and 21 to 3, and thereby advanced to the second round.

The 16 entrants were paired off as follows by A. P. Jensen, athletic director of the Y. M. C. A.: W. S. Ford vs. H. Dittmore; N. Engler vs. L. E. Danner; H. Mundhenke vs. J. Moore; E. A. Walters vs. P. A. Gebhardt; L. Buchman vs. J. Murray; C. Ketchum vs. J. Kanouse; R. Havens vs. W. Fox; C. Enger vs. R. Carnes.

The players get in touch with their opponents and arrange to play at their own convenience. Players defeat in the first round will be eliminated, while those defeated in the second will play each other for third place.

Handsome gold, silver and bronze medals have been provided as prizes for first, second and third place respectively, and competition is keen to gain possession of the trophies.

## BELOIT TRACK TEAM EXPECTS TO CAPTURE FOURTH STATE CROWN

Ten Lettermen Are Back in Field With Host of New Aspirants

Beloit—Prospects for again taking the midwest conference title in track this year and the state title for the fourth successive year, brightened at Beloit when Coach E. J. Osgood gave his eleven men their first outdoor workout here on Monday.

Although the Beloit squad was considerably weakened by the loss of some of its star performers by graduation last June, the incoming Freshmen material according to present indications, will far outbalance the weakness.

Sprinters, hurdlers, weightmen and high jumpers are all plentiful at Beloit this year.

Coach Osgood has ten letter men in college this spring around which he intends building up the rest of his aggregation. These men include Capt. Thompson, hurdles and jumping; Addie Moore, half and quarter mile; McLaughlin, pole vault and hurdles; and high jump; Crawford, dashes; Pritchard, mile; Loucks, weights.

**NEW MATERIAL PROMISING**  
Besides the old men promising fresh material is centered about O'Brien for the dashes and weights; Nesbit, dashes; McGill and Bate in the hurdles; Rogers in the mile; Van Dolah in the weights; Thompson in the pole vault; Dupke and Schroth in the quarter.

O'Brien, a fresh from Butte, Mont., seems to be able to hold with the rest of the sprinters and will be valuable in the jumps. Nesbit ran at Illinois last year, finishing well up in front in the dash meets. McGill and Howe will fill one of Beloit's weak spots, the high jump, while Coach Osgood is grooming many of the heavyweights for the discuss and shot put.

**DUAL MEETS ARRANGED**  
Besides a class meet scheduled for the promising Beloit squad on April 21, Coach Osgood is arranging a dual meet with Dubuque for April 25 for the class meets. McGill and Howe will fill one of Beloit's weak spots, the high jump, while Coach Osgood is grooming many of the heavyweights for the discuss and shot put.

The Beloit delegation at Drake will include a medley and a half mile relay team probably composed of O'Brien, Nesbit, Addie and Capt. Thompson, together with some other sprinters. Both Addie and Thompson will enter the special events.

## Blue Decides To Let 'Umps' Direct Games

Augusta, Ga.—Lu Blue is through. Absolutely and positively. Arguing with the umpires is like eating a clod of mud and trying to stay healthy. This is Mr. Blue's sentiment.

"This season I am going to play ball and let the umpires run the game," declares the Tiger's first baseman. "It may be tough on them but I guess they can get along without my help."

Blue, imbued with the aggressive spirit of the Tigers, has been a trouble maker for umpires ever since he has been in the majors. "I think I can play better ball if I lay off them and pay strict attention to my own job," he says.

Memphis — Jimmy London, Greek heavyweight wrestler, won over Ivan Limov.

## Businessmen Meet In Battle For Title Of "Y" Volleyball Teams

Tournament Expected to Start Wednesday Will Decide Team to Play in State Y. M. C. A. Tourney in Fond du Lac.

Two teams of Appleton businessmen Saturday night will battle for the volleyball championship of the Y. M. C. A. gymnasium classes, and have been working for several weeks in preparation for this event. The teams consist of members of the 515 Monday and 515 Tuesday classes, and the games are to be played on the Y. M. C. A. court here. They are scheduled to start at 8:15, and it is expected the hall will be crowded with eager backers of the two teams on that evening.

The Tuesday group now is considered the champion team, but the Monday team has defeated the noon class, which also was in the running for the title, and thereby won a chance at the champions.

The teams are hoped to play very evenly. Their lineups follow: Monday class—J. Murray, W. S. Ford, Chris Mullen, E. Colvin, R. White, Guy Barlow, Fred Agrell.

Tuesday class—Roy Marston, G. Goehauer, G. Lange, F. C. Reuter, John Neller, H. Gutschow, George Packard will referee the games.

**ORGANIZE LEAGUE**  
Plans already are under way to organize a businessmen's volleyball league. All those interested in entering have been asked to register, and up to date 40 names have been listed. The committee in charge of the organization will meet at 5 o'clock Monday afternoon to report on the lineups and formulate a schedule.

It is hoped the tournament can be started next Wednesday night. Games will be played every Wednesday thereafter until the schedule has been completed. Roy Marston, Fred Schmitz, R. White, H. Gutschow and A. W. Agrell are members of the committee, each representing a different team.

The purpose of this tournament will be to choose a team to represent Appleton in the state Y. M. C. A. volleyball tournament in Fond du Lac on April 25.

Let Us Help  
You With Your Spring  
Housecleaning

At the best, housecleaning is a hard and tiresome job. Anything that lightens this task is a real help.

High costs of materials and the difficulty often experienced in getting domestic help have complicated the job still more.

The Government has studied this problem of home economics and embodied the results of its study in a booklet. This is a free publication which our Washington Bureau will secure for any of our readers.

The object of the booklet is to make housecleaning simpler and easier and at the same time get full service from the materials used in the furnishing and care of the home. The methods suggested are based both on the well-tested experience of practical housekeepers and on the results of scientific studies.

To obtain this booklet simply fill out and mail the coupon below. Enclose two cents in stamps for return postage on the booklet, and be sure to write your name and address clearly.
